MESSAGE TO FAMILY MEMBERS
Texas A&M University believes the college experience represents a collaboration involving the student, the family of the student and the university. While the New Student Conference is mandatory only for students, we invite family members and guests to attend and participate in a variety of sessions and services specifically designed for them. Accompanying your student to the New Student Conference will provide you with valuable information to help support your student’s transition into the Texas A&M University community. By participating, you will become informed about the university’s academic programs, policies, facilities and services. While all family members are welcome to attend, conference activities are not designed for the enjoyment of younger children. If possible, alternate arrangements are encouraged.

Each family member or guest who wishes to attend must register online and pay the respective conference charges ($25 per family member 18 and older; $10 per family member 5–17; no charge for children under 5). Registration for family members is a separate process than the student registration. For more information and to register, please visit newaggie.tamu.edu/family-and-guests. Priority registration is open until four business days prior to your student’s New Student Conference Day 1; late registration will be available for $35 per adult family member. For questions related to family member registration, please contact New Student & Family Programs at aggiefamilies@tamu.edu or (979) 845-5826.

Further information regarding support for family members beyond the New Student Conference can be found at parents.tamu.edu.

NEW STUDENT CONFERENCES EN ESPAÑOL
Thanks to the generosity of The Association of Former Students, the Office of New Student & Family Programs offers Spanish translation for family members during the New Student Conference.

Family members interested in having programs translated will need to visit the Help Desk on Day One of the NSC to receive a headset. Additionally, a Spanish-speaking staff member will be available at Check-In and the Help Desk for family members to ask questions as needed.

These services are provided free of charge, but we do request that families indicate their interest in utilizing this service on their family/guest registration form.

WHAT IF I NEED TESTING ACCOMMODATIONS DUE TO A DISABILITY?

If you have a disability and require specific accommodations to complete any of the NSC placement exams or TSI requirements, please contact the Department of Disability Services (DS) to discuss your needs. Reasonable testing accommodations are provided to allow students with documented disabilities an opportunity to demonstrate their skills and knowledge.

In order to coordinate testing accommodations for any of the tests offered through New Student Conferences, students must submit documentation of their disability to DS at least two weeks prior to the scheduled testing date for review. Please contact the Disability Services office at (979) 845-1637 or visit disability.tamu.edu for more information.
All tests will be administered on the Pre-Conference Day of the New Student Conference along with credit by examination tests. The test will also be offered at various times during the fall and spring semesters. Students who do not take the placement test on the Pre-Conference Day will not be able to register for a foreign language course during their first semester. (Please note: Seats in language courses are limited; taking the Language Placement Exam does not guarantee the ability to register for a language course during your first semester.)

**BACTERIAL MENINGITIS REQUIREMENT**

TEC 51.9192 requires all students under age 22 entering an institution of higher education to provide current proof of vaccination against bacterial meningitis (an immunization given within 5 years of the date of intended enrollment) or meet certain requirements for declining such a vaccination. Newly admitted students who have not provided documentation of vaccination have a meningitis deficiency hold placed on their account. The hold will be removed once the appropriate immunization documentation has been provided to Texas A&M. The meningitis deficiency hold will prevent you from checking in to your New Student Conference and registering for classes, so it is imperative you fulfill this requirement prior to arriving at your NSC.

The law further states that student must receive the vaccination no later than 10 days before the first day of the semester in which the student enrolls. Therefore, all new students enrolling for the Fall 2014 semester must receive the vaccination by August 21 or before your conference (whichever date is earlier). For students attending the August 19–20 conference, you are strongly encouraged to submit your Evidence of Vaccination by July 7 so that you can be pre-registered for your classes by your academic college.

If you arrive at your New Student Conference and have not yet fulfilled this requirement, you will not be able to check in and must take care of your immunization requirement immediately. Vaccinations will be available at the Beutel Health Center on campus at a cost comparable to local pharmacies. Payment by check or credit card can be made when the vaccination is administered, or the charge can be added to your fee statement. Students are highly encouraged to take care of this requirement prior to the New Student Conference, as the cost of the vaccination may be lower through your current health care provider.

To determine if you have satisfied the evidence of vaccination requirement for bacterial meningitis for your student file, go to the Applicant Information System (AIS) website, applicant.tamu.edu, and ensure that a check mark is present on the Bacterial Meningitis checklist item found under the ‘Additional credentials required prior to Enrollment/Registration’ section.

For more information including where to send your documentation, visit admissions.tamu.edu/meningitis. Or, upload your proof of vaccination through AIS by choosing the link under the “Upload Supporting Documents” section. You will be able to view receipt of your immunization document on AIS under the Documents tab within the next 24 hours. Please allow a few days for Office of Admissions staff to complete processing on your immunization document, which should then show a green checkmark next to this item under the ‘Additional credentials required prior to Enrollment/Registration’ section.

**LAB SAFETY ACKNOWLEDGMENT REQUIREMENT**

Some courses require students to submit a Lab Safety Acknowledgment (LSA) before registration is permitted. All New Student Conference attendees must submit the LSA prior to their New Student Conference to ensure registration access. Step-by-step instructions for submitting your LSA via Howdy are available at registrar.tamu.edu/forms/LabSafetyAck.pdf. Your Howdy portal is accessible at howdy.tamu.edu. If you need assistance, please contact the Office of the Registrar at 979-845-7117.
CONFERENCE PROGRAMS

There are three days of NSC programs; however, the Pre-Conference Day, while recommended, is not required. If you do not attend the Pre-Conference Day, then you should note that Check-In on the morning of Day One is mandatory. You will receive an official schedule at Check-In; however, tentative schedules are posted on the newaggie.tamu.edu website one week prior to your New Student Conference date. Times, locations and specific program descriptions in this publication are subject to change.

Please note: If you are attending the July 1–2 conference, be aware that this is a combined freshman/transfer conference and you will follow the freshman schedule.

PRE-CONFERENCE DAY

We encourage you to arrive on the day prior to your New Student Conference, what we refer to as the Pre-Conference Day. For example, if you are registered for the July 10–11 conference, your Pre-Conference Day will take place on July 9.

The Aggie Orientation Leaders invite you and your family to join them the evening before your conference, from 6:30 p.m. – 8:00 p.m. at the Clayton W. Williams, Jr. Alumni Center for an optional pre-conference social. Enjoy light refreshments as you explore the exhibits of the Alumni Center, enjoy various activities, try on an Aggie Ring with your class year, meet other new students and check in early for the conference.

International students: Please keep in mind when choosing a New Student Conference date that you are required to attend a Check-In Appointment with International Student Services the day prior to your New Student Conference. Please visit newaggie.tamu.edu/international-students for additional information.

EXTENDED ORIENTATION PROGRAMS

Extended orientation programs are designed to provide new students with additional opportunities to socialize and network with new and continuing students. While attendance at a New Student Conference is mandatory for all new undergraduate students, participation in extended orientation programs, such as T-Camp, is optional but highly encouraged! For information on the various programs available, please visit newaggie.tamu.edu/transfer/after-your-nsc.

GIG ‘EM WEEK: AGGIELAND’S WEEK OF WELCOME AUGUST 24–31

Your classes are set, you’ve moved in and you have learned some of the traditions that make this place so special…what’s next? Gig ‘Em Week! This week is full of events and opportunities for new and returning students to become familiar or reacquainted with the Texas A&M campus, fellow Aggies and the Bryan/College Station community. Gig ‘Em Week provides you an opportunity to learn more about the campus, other students and college life in general through a series of educational and social events sponsored by university departments, colleges, student organizations, residence halls and community members. Gig ‘Em Week is coordinated by the Office of New Student & Family Programs and takes place the week before classes begin in the fall at Texas A&M University. For more information, please visit gigemweek.tamu.edu.

UNDERGRADUATE CONVOCATION: AUGUST 31 AT 2:00 P.M., REED ARENA

Undergraduate Convocation officially welcomes new students to the Texas A&M University Community of Scholars in a manner similar to the recognition they will receive at commencement. Incoming undergraduate students will join faculty, college deans and the university president and vice presidents to commemorate their entry into the Texas A&M University Community of Scholars. In addition, when assembled in one place, incoming students will gain a sense of their number, strength and identity as well as to develop an important connection to one another and to the University. Family members are welcome to attend.

For additional information, please visit: undergrad convo.tamu.edu.

STILL HAVE QUESTIONS?

Be sure to check out the New Student Conference website, newaggie.tamu.edu. The New Aggie website features extended FAQs, PDF versions of every publication you have received from Texas A&M since the time of your admission, and much more!
HOW CAN I CHANGE MY CONFERENCE DATE?
It is important to attend the conference date for which you are registered. Students are not allowed to participate in a conference they are not registered for in advance. You are allowed to change your conference date as long as dates are shown to be available on the NSC registration website, accessible through AIS. Once dates are full, they will be removed from the site and they are no longer available due to seating capacity limits and safety regulations. Each year students request to be forced into conferences to accommodate changes in their personal schedule due to work conflicts or travel; these types of requests are denied by the NSC Registration Appeals Committee in order to ensure the safety of the other participants.

Appeals to change a conference date are only granted for military orders, medical emergencies or other extenuating circumstances that students can substantiate with written documentation. Appeals should be addressed to the NSC Registration Appeals Committee at nsc-help@tamu.edu.

IF MY PARENTS OR OTHER FAMILY MEMBERS PLAN TO ATTEND THE NSC WITH ME, DO THEY NEED TO REGISTER?
Yes. Each adult family member (18 and up) who wishes to attend must register online and pay the $25 conference charge ($10 meal-only charge for 17 and under family members; no charge for children under 5). Registration for family members is a separate process than the student registration. For more information and to register, please visit newaggie.tamu.edu/family-and-guests. Priority registration is open until four business days prior to the student’s conference date at the $25 per family member rate; on-site registration will be available for $35 per adult family member.

For questions related to family member registration, please contact New Student and Family Programs at aggiefamilies@tamu.edu or (979) 845-5826.

CAN I CHANGE MY MAJOR?
Transfer students are admitted to a specific degree-granting program, and should be aware that not all other majors may be available to them for future changes of majors. Changes of major across colleges will not be considered for at least one full semester. Many departments and colleges have grade point requirements, and Texas A&M residency requirements and restrictions for changes of major. Your course registration at your New Student Conference will be limited to the degree program to which you have been admitted. For more information please contact your specific academic college.

WHEN DO I PAY FOR TUITION, FEES AND OPTIONAL CAMPUS SERVICES?
Tuition and fees payment information may be found online at sbs.tamu.edu. Students will have access to view fee statements and pay online beginning in August. An email notification will be sent to the student’s Texas A&M email account with a link to the online statement when fees for the fall term have been calculated.

Students attending August conferences are encouraged to pay tuition and fees immediately after registering. Payments may be submitted online or in person at the General Services Complex in Suite 2801 (expect long lines in August). State law requires that tuition and fees be paid prior to 5:00 p.m. on the last business day before classes begin to ensure registration is not canceled. Classes or options added after the semester begins are due the same day they are added in order to avoid late payment penalties, late registration charges and cancelation of classes. If classes are canceled, students must pay a $100 late registration charge to reregister during the first week of classes.

Payment options include:
- Online credit cards and e-checks.
- Check, cashier check or money order.
- Wire transfer.
- Installment plan.
- Emergency tuition and fee loans — see LOAN APPLICATIONS on the website financialaid.tamu.edu for details.

In addition to registering for your classes during your New Student Conference, you will have the opportunity to select from various optional services. These may include dining plans, parking permits and a sports pass. Any optional services that you select will appear on your fee statement in addition to your tuition and any required fees.

A list and description of required and optional fees can be found at sbs.tamu.edu.
NSC Check-In is held in the Zone Club (North end zone) of Kyle Field. The physical address for Kyle Field is:
198 Joe Routt Blvd.
College Station, TX 77843
Visitors, please park in designated spaces. Permits are required for all other parking areas on campus.
This map highlights locations specific to NSC programs. A more comprehensive map will be provided at NSC Check-In and is also available at maps.tamu.edu.

Please visit transport.tamu.edu for more details and to purchase a permit.

Welcome to the Aggie Family! We’re excited you decided to continue your education here at Texas A&M. The coming years promise to be exciting ones for you. The Aggie Network will connect you with students, faculty and staff from diverse backgrounds, cultures and countries. You will be uniting with them in the rewarding pursuit of knowledge and the thrill of learning.

As a transfer student, you bring valuable college and life experiences to our community. Whether you are transferring from a community college or a 4-year institution, we know you’re new to college, but are new to Texas A&M. Because of that, we’ve designed a New Student Conference with knowledge specific to joining the Aggie Family. Your transition to Aggieland begins with your NSC and it’s a critical component of your success at Texas A&M University.

At your New Student Conference, you can expect to develop:

- Awareness of information concerning the university’s academic requirements, policies and procedures — including course selection and registration.
- Awareness of information concerning personal safety and security on campus.
- Understanding of the broad range of student activities and leadership opportunities on campus.
- Awareness of the university’s offerings related to housing, dining, transportation, financial assistance, academic support and career guidance.
- Interactions with current students to discuss expectations and ask questions.

This New Student Conference Handbook was developed to help you make the most of your NSC experience. Please take time to read through this and any other materials you receive from the university. These materials are valuable resources you can use throughout your first year at Texas A&M University. Don’t be afraid to ask questions! You’re receiving a lot of information right now, and we’re here to help you figure it all out — that’s what the Aggie Family is for! You will also have the opportunity to participate in social programs during your New Student Conference. This is a great time to meet other members of your class and learn more about Aggie traditions.

Conference staff and Orientation Leaders will be available throughout your conference, so please take advantage of the opportunity to ask any questions you may have. Your best chance for success comes through combining careful planning, informed decision making, and timely use of services and resources with your dedication and commitment to the ultimate goal — academic success!
