- Dr. Leroy G. Dorsey, Associate Dean for Inclusive Excellence & Strategic Initiatives, Professor of Communication
  l-dorsey@tamu.edu
- Christie Dunn, International Programs Manager
  cadunn@tamu.edu
- Dr. Bari Brookins, Program Manager for Academic Success
  bari@tamu.edu
Andrew Armstrong  
Director of Advising  
andyarmstrong01@tamu.edu

- Aid in overall student success  
- Professional advisor training  
- First semester programming and retention
LINKS FOR STUDENTS AND PARENTS

- liberalarts.tamu.edu (the college webpage)
- registrar.tamu.edu/Registrar/media/REGI_Forms/Dependency_Certification.pdf (this gives parents the right to have access to educational records)
- student-rules.tamu.edu (covers all things related to attendance, grades, appeals, course syllabi, etc.)
- catalog.tamu.edu (Undergraduate Catalog with degree requirements and other information)
- registrar.tamu.edu/general/calendar.aspx (Academic Calendar)
- lasc.tamu.edu (Liberal Arts Student Council)
- hireaggies.com (Career Center)
- disability.tamu.edu (Disability Services; access for accommodations)
• Come in early and often to work on résumés, take mock interviews, check out internships and job lists!
• Attend Career Fairs
• Seek internships, externships, part-time positions
• Volunteer in areas related to your career goals
• Choose a student organization that is meaningful
• Use directed study or research projects for experience
The Liberal Arts Cornerstone Honors Program provides a community of highly motivated students the means to become significant citizen-leaders of tomorrow. Check us out at: liberalartshonors@tamu.edu
PERKS FOR HONORS STUDENTS

- Priority registration
- Small classes
- Taught by most prestigious College faculty
- Enhanced critical thinking skills
- Global awareness through study abroad
- Specialized one-hour seminar
- Honors distinction on transcript
STUDY ABROAD

Christie Dunn
International Programs Manager
cadunn@tamu.edu

• Many scholarships available
• Students can go abroad and still graduate on time.
• Financial Aid is portable.
• Programs are vetted for safety.
• Gain skills employers want:
  • Critical thinking
  • Problem solving
  • Adaptability
  • Flexibility
  • Communication
Complete the University Scholarship Application for Continuing Students every year between October 15 – February 1 & in the appropriate cycle before studying abroad to be considered for any scholarships: uwide.tamu.edu
Dr. Bari Brookins
Program Manager for Academic Success
bari@tamu.edu

• Assists departments in providing academic support for students
• Supports students in successfully navigating the challenges of pursuing a higher education
• Coordinates with the Academic Success Center
Value of Liberal Arts Education
WHAT IS LIBERAL ARTS?

• The concept of *Liberal Arts* goes back 2,500 years. The *artes liberales* were the skills that were considered necessary for a citizen to possess in order to be a contributing member of a society and to carry out her or his job functions.

• The skills that a Liberal Arts degree gives are the very skills that employers today value highly.

• They are the kinds of skills that never grow obsolete. Although the world is constantly changing, especially with technology, the abilities, attributes, and skills gained in liberal arts are always relevant.

• Knowledge is one thing, application of knowledge is another.
TRANSFERABLE SKILLS WITH A LIBERAL ARTS DEGREE

• It’s important to know what employers look for in graduates and future employees. And their list has not changed in recent years:
  • oral communication skills
  • written communication skills
  • critical-thinking skills
  • the ability to work collaboratively and in teams
  • intercultural skills
  • the ability to make ethical decisions
  • the ability to work in an international and increasingly diverse environment

</table>
SNAPSHOT OF THE COLLEGE

• The College of Liberal Arts is a young college; it was formed in 1965 as a mega-college along with business and education. In 1969 the three colleges went their separate ways, although they maintain many points of commonality.

• We are the second largest college, with nearly 8,200 students. We have a four-year graduation rate of 73% and a five-year graduation rate of 85%.

• We have a retention rate of 93%, with many of the 7% transferring to other TAMU colleges. (About 50% of all Aggies change majors after their first year.)
SNAPSHOT OF THE COLLEGE

• To improve this retention, every new student will receive a first-semester experience course taught by her major department. The courses have three learning outcomes:
  • Identify campus resources available in the areas of academic support, health and well-being issues, and career exploration;
  • Increased ability to identify, develop, and implement effective behavior management and study strategies to assist in a successful transition to college;
  • Development of a plan, personal and academic, for a successful major and A&M experience.
LIBERAL ARTS DEGREES

• Liberal Arts majors have a *flexibility and uniqueness* not found in other degree plans.

• Our students can add a minor, certificate, or even a double major or double degree without delay to degree. You and your student can use Howdy’s degree evaluation (under the My Record tab).

• Students, if they discover a new passion or a different career path, can change majors without loss of previous course work and can also remain on schedule for graduation. The average college student changes majors two or more times, and our college is friendly to changes of curriculum.
CLASSROOM EXPERIENCE

• Students enjoy small class sizes: the average size of a course in major course work is 17 students, thanks to the large number of faculty (475).
• Instructors are typically tenured professors, who receive tenure only after showing excellence in teaching and research.
• Graduate students and lecturers teach basic core curriculum classes.
• Upper-level courses, especially in the major field of study, are taught by outstanding teachers and scholars in the field:
  • 13% of the tenured faculty hold an endowed position
  • 12% have won teaching awards from the Association of Former Students
TIPS FOR ACADEMIC SUCCESS

We stress to every student the vital and absolute critical importance of:

• Attending all classes

• Spending two hours outside of class studying for every one hour of class time. This will vary according to the course, but it is a good rule of thumb.

• Meeting with an academic advisor at least once every semester

• Meeting with the Career Center early and frequently, beginning with the very first semester on campus

• Using HOWDY to conducting an self-assessment of their degree evaluation on a regular basis
TIPS FOR ACADEMIC SUCCESS

• Going to Disability Services immediately if accommodations are needed
• Meeting their professors during their office hours if they are the least bit confused, feeling lost, need extra help, etc.
• Taking advantage of the Academic Success Center and their assistance on note taking, test taking, time management, money management, etc.
• Practicing good in-class habits (no cells, no improper use of computers, paying attention, taking excellent notes)

Our basis rule: we are a Tier 1 Research Institution, with academic standards and expectations that go along with it. The end goal is to earn a rigorous degree that is valuable to its holder and to employers.
WELCOME TO

TEXAS A&M UNIVERSITY
