PBSI Advising Team

Welcome To Texas A&M University

This is where you master your destiny.

This is where you own your actions—
and your reactions.

This is where old habits break and new
skills rise.

This is where comfort zones end and
real growth begins.

This is the start of something bigger.

This is your next chapter.

What to Expect from my Advisor

Monitor my academic progress, help me solve academic problems, and offer suggestions/recommendations.

Direct me to resources on campus (ex. OPISA, Career Center, Disability Resources, etc...).

To review my chosen classes during each registration period, understanding advisors will not choose my courses because this is my degree.

Encourage me to take responsibility for my academic choices and help me develop decision-making skills.

What my Advisor Expects from Me

Read my emails for important information distributed by advisors and respond accordingly from my tamu.edu email with my UIN.

To take initiative and be responsible for my academic career. Advisors provide guidance, but ultimate responsibility for my academic choices rest on me.

Know the academic calendar and important dates and deadlines every semester. Understand that rules and deadlines must be adhered to.

Know how to generate and read my degree evaluation and monitor my progress every semester.

You Are a BA/BS PSYCHOLOGY Major or NRSC-BCN Major

As you start your Fall 2025 semester, please understand you entered TAMU as a Psychology or NRSC-BCN Major.

If you plan on changing your major, we cannot advise you. You must speak with an advisor from your interested major (BIMS, BIOL, KINE etc).

As PBSI advisors, we can ONLY advise on a BS Behavioral and Cognitive Neuroscience and BS/BA Psychology degrees.

Until you change majors, you ARE a NRSC-BCN or PSYC student and must register accordingly.

An aerial photograph of a large stadium, likely the Cotton Bowl in Dallas, Texas, filled with a massive crowd of spectators. The football field is visible in the center, with the words "TEXAS A&M" painted on it. The sky is blue with some clouds, and the sun is low on the horizon, suggesting late afternoon or early evening. The stadium seating is packed with people, and the overall atmosphere is one of a major sporting event.
